## Tournament System

### Part 1: Group stage (9:30-12:50)

Teams are divided into **four eight-member groups** (A, B, C and D), where teams will play **each other** to a total number of 7 matches. **Two sets** per match will be played (2:0; 1:1).

During the **group stage** teams have a total of **18 throws** available to them within the individual sets, after which a winner of the set is declared the team with a **higher number of points**. In case of equal score, overtime is played – one extra throw for each team is awarded, after which a winner is declared a team with higher number of overtime points (for detailed rules see the end of this article).

After all games are concluded in the group stage, teams ranked in the **first four places** progress to **Playoff-1**, teams located in the **fifth to eighth places** progress to **Playoff-2**.

The following criteria determine the **final ranking**:

1. Higher number of won sets
2. Higher number of won matches (2:0)
3. Higher score difference
4. If the ranking is still not decided, result of mutual match decides, in case the match is equal, a draw decides.

### Playoff seeding

Teams ranked **first place** in their respective groups are seeded to **Playoff-1** in **1<sup>st</sup> to 4<sup>th</sup> position**, sorted by the result achieved in the group (average per match);

Teams ranked **second place** in their respective groups are seeded to **Playoff-1** in **5<sup>th</sup> to 8<sup>th</sup> position**, sorted by the result achieved in the group (average per match);  
etc.

Teams ranked **fifth place** in their respective groups are seeded to **Playoff-2** in **1<sup>st</sup> to 4<sup>th</sup> position**, sorted by the result achieved in the group (average per match);

Teams ranked **sixth place** in their respective groups are seeded to **Playoff-2** in **5<sup>th</sup> to 8<sup>th</sup> position**, sorted by the result achieved in the group (average per match);  
etc.

### Part 2: Playoff (14:00-18:00)

In both playoffs each team plays **four matches** in round-robin format:

- during the first round teams **seeded 1.** play **against** teams **seeded 16.**, teams **2.** play **against** teams **15.**, etc.;
- during subsequent rounds, **winners** play against **winners** from previous rounds, **losing teams** play **losing teams** from previous rounds, etc. until a final placing match.

During the course of **Playoff-1**, the **first round** (1/8 finals), the **second round** (1/4 finals) and all placement matches (5<sup>th</sup> - 16<sup>th</sup> place) are played on **best-of-three** sets basis (2:0, 2:1).

The winning-path matches of the **third round** (Semi-finals) and the **medal matches** (finals and third-place match) are played on **best-of-five** sets basis (3:0; 3:1; 3:2).

All **Playoff-2 matches** are played on **best-of-three** sets basis (2:0; 2:1) except for the finals, where **best-of-five** system is applied (3:0; 3:1; 3:2).

#### Overtime Rules:

In case of equal scores after the end of any single set during the group stage matches, an overtime follows. Each team has **one extra throw**, the pitch is left in its **current state**, fallen skittles are put upright at the place where they fell after **each of the throws**. Players order remains the same as during the set. Overtime winner is a team that achieves a **higher number of points** in this throw and is awarded **one extra point** in the scoresheet. If the score is equal after the throw, another throw is awarded to each team until decided. During overtime team cannot reach 50 points or fall to 25 points. Third consecutive miss (including ones continued from the set) loses the **overtime**, points earned in the set remain

### Družstva podle skupin k 6.9.2019

Skupina A
